Subject: IPFQR Submission Detail Report Resolution & Review Request

Announcement from the Centers for Medicare & Medicaid Services (CMS):

Notice Summary

A system update has been successfully deployed to production to resolve an issue affecting the Inpatient Psychiatric Facility Quality Reporting (IPFQR) Submission Detail Report. Previously, certain submission rejections were not displayed accurately within the report. The technical fix is now live, and all rejections are properly reflected.

Action Required for Submitters:

All IPFQR submitters are highly encouraged to re-examine their submission detail report immediately to ensure all data rejections are identified and addressed prior to the upcoming reporting deadline.

Steps to Review:

1. Log into the reporting portal
2. Navigate to Data Results-> Chart Abstracted IPFQR Submission Detail Report
3. Export and carefully review the report for any newly reflected rejection codes or status errors
4. Correct and resubmit any impacted patient files as necessary

Summary of Impact:

- System Status: Fix deployed to production
- Affected Area: Chart Abstracted IPFQR Submission Detail Report
- Primary Impact: Previously suppressed or omitted rejection errors are now fully visible. Data submitted during the affected window may require correction and resubmission
